In addition to the precautions you are taking during patient interactions, here are some tips to keep yourself and others safe during professional interactions.

For common work/break areas (if possible):

- Keep your distance in work rooms, pantries, or other common areas.
  - Keep your mask on and keep 6 feet apart.
  - Mark or arrange break room tables and chairs to keep seating 6 feet apart.
- Stagger employee break and meal times.
- Assign work stations to a single user during a shift, if possible.
- Wipe down your work station frequently.
- Wipe down work area and break room surfaces frequently.

During huddles/rounds/conversations:

- Keep your distance and KEEP YOUR MASK ON!

AT ALL TIMES:

- Maintain a distance of 6 feet from those around you.
- Remember to cough or sneeze into your elbow.
- Wash your hands frequently.
- Don’t touch your face.
